What to do and see at Indian Head :

OUR TOURIST CAMP. Rated as one of the finest tourist camps in the West, you will find yourself comfy and clean in the brick building provided with every convenience. Large camping grounds adjoin, and the Tourist Commissioner will give you every assistance in making you feel at home.

OUR PRETTY TOWN. Drive around our streets, see the exceptionally fine residential section, the schools, the rinks, the armory, the fine post office, and notice the lovely home surroundings in which our people dwell

OUR EXPERIMENTAL FARM. Just a few blocks from the Camp and you will enter the Dominion Experimental Farm, the pride of the prairies. Here a large staff of officers and workmen have for your inspection the finest farm in Western Canada, with its experimental grain plots, its poultry division, horticultural displays, livestock section and many other channels to interest the tourist.

OUR PROTESTANT ORPHANAGE. At the east end of the town will be found a large institution with two buildings housing over sixty Protestant orphans. You will be made welcome by the Matron and shown over the premises.

OUR FORESTRY FARM. Just one mile south of town you will find the Dominion Forestry Station, the largest of its kind in Canada. In conjunction with a branch at Sutherland, this organization distributes annually eight millions of trees free to prairie farmers to beautify and protect their homes and farms. You will enjoy a half-hour's drive through the avenues of hedge rows, its acres of plantations, its gardens and beautiful lawns. This place is becoming known as the "Butchart Gardens of the Prairies."

OUR FAMOUS LAKES. The adjoining map illustrates the district lay-out and shows you at a glance the way to take one of the prettiest motor scenic drives to be found on the prairies. Drive to the Qu'Appelle Valley and around its chain of beautiful lakes. There you will find resorts, beaches, golf links, hotels, and a glorious trip around the shorelines, coming back a different route and through the finest agricultural district in this province. For those who relish fishing, boating, bathing, dancing or golfing this valley trip makes an ideal day's outing. Places of considerable renown that you will see here include: Father Hugonard Memorial and huge Indian Mission, Lebreton; Provincial Sanatorium, Fort Qu'Appelle. Fifty miles will cover the round trip!

OUR BUSINESS SECTION. Indian Head merchants will welcome you too, and give you every service and assistance. Call at our shops and introduce yourself. Have your meals at the hotel, if tired of camping!
